REF: 6977

Height: 220 mm (8.66")

Diameter: 300 mm (11.81")

Description

A highly decorative antique Edwardian centrepiece. The flared glass body has a wavy rim and is decorated with panels incorporating lattice, scrolling swags foliage and floral-work. There is an applied silver rim to which cast open-work sections of scrolls, floral garlands and raised scrolling leaf pattern handles have been attached.
