This is a fine recreation of a late-18th-century Featheredge silver cutlery pattern, made at the beginning of the 20th century by Jackson and Fullerton who produced some of the heaviest and finest quality silver cutlery of the period, in most of the traditional patterns.

Hand forged in the traditional manner and decorated with distinctive single-struck and hand-engraved feathering, each piece is engraved with an unidentified family crest. All pieces are in fine condition ready for use.

This lovely cutlery service comprises:

12 tablespoons
12 table forks
12 dessert spoons
12 dessert forks
12 teaspoons
6 egg spoons
2 sauce ladles
1 pair of sugar tongs
1 butter knife

Since antique knives rarely survive, this cutlery service is accompanied by 12 pairs of modern, heavy-gauge hard-soldered silver table and dessert knives, fitted with stainless steel blades making them dishwasher safe.

The were made in 1977 by C J Vander, a maker known for producing high-quality flatware, making many of the traditional patterns by hand and some completely modern designs.

This comprehensive hand-forged silver cutlery set is not available to purchase online. Please contact us if you would like more information or are interested to buy it.
