James Dixon & Sons

Sold

REF: 7417

Height: 60 mm (2.36")

Diameter: 255 mm (10.04")

Weight: 474 g

Description

Antique Edwardian shallow silver bowl of circular form, mounted on claw supports. The body and flared rim are hand pierced with scrolls, lattice, foliage and shaped shields patterns, while the rim has an applied French gadroon pattern mount.

This fine pierced silver bowl was made for the retailers The Goldsmiths & Silversmiths Company by James Dixon & Sons of Sheffield, and hallmarked in London.
