Description

Made by the pre-eminent Florentine artisan silversmith Pampaloni, these Italian wine or water jugs have been flawlessly handcrafted in sterling silver.

Harnessing the exceptional mirror qualities of silver, Gianfranco and Francesco Pampaloni chose sharp, post-modern lines that will shine in a variety of different styles of décor and table settings, including Art Deco, contemporary, mid-century.

Since silver has the highest optical reflectivity of any other metal, reflecting 95% of visible light that hits it, these silver jugs re-emit the entire visible light spectrum in true-to-life colours.

Jug capacity:
Smaller jug 24 fl oz (700ml)
Larger jug 34 fl oz (1 litre)
