Description

The best silver cufflinks you will ever own! These plain oval silver cufflinks are cast and handmade in heavy-gauge silver. What's special is they have a smooth ball fitting that is the perfect size to enable you to put them on in a one-handed manoeuvre. The ball is just the right size to slip effortlessly into the buttonhole but not pop out again, ensuring your cuffs will not come apart unless severely tugged.

The simplicity of the plain face means these silver cufflinks are perfect for engraving with a crest, emblem or initials.
