REF: 7011

Height: 260 mm (10.24")

Diameter: 49 mm (1.93")

Weight: 271 g

Description

This smart antique silver hunting flask is made in the classic conical form with removable drinking cup. It has beautifully made hinged lid with screw fitting locking device operated by hinged thumbpiece. All parts are fully hallmarked. This is a particularly good example of the genre.
This smart antique silver hunting flask or saddle flask is made in the traditional conical form and has a removable drinking cup at the base. The hinged and corked lid is secured by a screw-fit bolt with hallmarked key.
