Depth: 200 mm (7.87")

Weight: 4321 g

Description

An incredibly heavy cast model of an eagle with outstretched wings made in French 1st Standard (950) silver. The size and power of this bird of prey, plus the detailing of the hooked beak and talons, has been captured by Dutac demonstrating wonderful lifelike features and modelled in a dramatic and dynamic pose.

The bird is mounted on a square green Connemara marble base.

This French silver eagle is not available to purchase online. Please contact us if you would like more information or are interested to buy it.
