Height: 90 mm (3.54")

Width: 110 mm (4.33")

Weight: 168 g

Description

Fine looking model of a bellowing stag cast in solid silver and beautifully proportioned. The impressive animal is finely hand chased to give very realistic detail.

All Langfords' heavy quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each of our models is then individually hand chased to produce the lifelike effect seen in the finished piece.

For a truly personal model, we can work from photographs to capture the true likeness of your favourite animal or pet, cast in sterling silver. Contact us for more details.
