REF: 7318

Height: 495 mm (19.49")

Width: 370 mm (14.57")

Depth: 130 mm (5.12")

Description

This large and impressive model of a twelve point royal stag was made in Germany by Berthold Muller and bears English import hallmarks for London 1913. Mounted on a stone base, and made by a combination of casting and hand-raising, with a finely hand-chased finish, this finely detailed and lifelike model is an exceptional example.

The stag, without the base is 415mm (16½") tall.
