Barnard Brothers

Sold

REF: 9301

Height: 145 mm (5.71")

Width: 230 mm (9.06")

Weight: 881 g

Description

Particularly good pair of heavy-gauge silver pheasants cast in sterling silver in the late 20th century. In a design going back a hundred years, this pair of silver game birds is crafted in a traditional pose. Both the pheasant cock and pheasant hen are hand chased in fine detail to give the an overall lifelike effect.

Traditionally silver game birds would take their place on the dining table, but they make an excellent decorative feature in any part of the home.
