Description

Good quality and charming model of a rabbit, cast in sterling silver and hand-chased to give a lifelike finish.

In classical antiquity, Christian and secular art, rabbits are variously portrayed as symbols of vitality, rebirth, virginity and love. Of course, Beatrix Potter's rabbits are probably the most familiar artistic rabbits in the English-speaking world, probably influenced by the equally famous White Rabbit in Alice's Adventures in Wonderland.

For a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver.
