Antique & Contemporary Silver

Silver sitting labrador

£1,295

REF: 6963

Height: 100 mm (3.94")

Weight: 282 g

Description

One of our most popular silver models is this fine silver labrador in a sitting pose.

Langfords' heavy quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each of our models is then individually hand chased to produce the lifelike effect seen in the finished piece.
