Height: 45 mm (1.77")

Width: 95 mm (3.74")

Weight: 143 g

Description

Langfords' silver model of a sow, is cast in heavy gauge sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each of our models is then individually hand chased to produce the lifelike characteristics seen in the finished animal.
