Description

This is a magnificent 1st quality (95% pure silver) dish cast and hand finished in the form of a lifesize crab. The model is beautifully made and finished in superb detail. The crab's silver shell cover is hinged and opens to reveal a polished interior where seafood or caviar could be served, but it is a wonderful decorative piece in its own right.

We have a non-identical and complementary French silver crab dish that could be matched to make a fabulous pair.
