Hukin & Heath

£975

REF: 9127

Height: 15 mm (0.59")

Width: 140 mm (5.51")

Depth: 98 mm (3.86")

Weight: 106 g

Description

Sterling silver apple corer and divider made by Edward & Sons in 1915. The piece is of circular segmented form, featuring off-set handles to give leverage when slicing the apples. It is an unusual piece that works beautifully, diving the apple into six segments. It works on pears too.
