Edwardian silver serving - drinks tray

Goldsmiths & Silversmiths Co

Sold

REF: 7878

Width: 630 mm (24.8")

Depth: 252 mm (9.92")

Weight: 2062 g

Description

Antique silver drinks or serving tray from the Edwardian era. In a reassuringly heavy gauge of silver, the tray features cut-out handles and a smart, moulded, raised border. Its versatility means that, aside from serving drinks, it is perfect for serving canapés or sandwiches too. The usable surface is 485mm x 205mm (19" x 8").
