Description

Antique silver trophy cup and cover hand-chased and decorated with cast and applied neoclassical decorations that feature in the neoclassical style. The beaded finial sits on a cover cover that is decorated with overlapping laurel leaves. The body of the cup features applied bead patterns either side of a mottled band overlaid with wave-patterns leaves and stems; bellflower swags and ribbons surround the central part of the trophy while the bead and laurel leaf designs are replicated on the base and spreading circular foot. The two elegant scroll handles are decorated with leave and bead patterns.

All our trophies can be supplied with a bespoke wooden plinth and silver band or plaque for recording names of winners. For further information or a quotation, please get in touch.
