Pair antique Tiffany cut crystal & silver wine jugs

John Grinsell & Sons

Sold

REF: 1990

Height: 180 mm (7.09")

Description

Good looking pair of Victorian, silver-topped claret wine jugs with crisp diagonal hobnail cut crystal bodies. Made for Tiffany by John Grinsell & Sons, the silver lids are engraved with a coat of arms and motto which appears to be Croatian and translates as "God and her earthly".

Rather unusually, the jugs also carry the marks of Tiffany & Co in Paris.
