Description

Stylish and very good quality art deco silver cocktail shaker with a tapering hexagonal body, typical of the Art Deco era, and removable lid.

Art Deco was a popular design style in the 1920s and '30s characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress. For that reason silver cocktail and barware were popular categories of goods to reflect the style of the time.
