Description

Made by the pre-eminent Florentine artisan silversmith Pampaloni, this four-piece Italian tea service has been flawlessly handcrafted in sterling silver and comprises a silver teapot, hot water jug, milk jug and sugar bowl.

Harnessing the exceptional mirror qualities of silver, Gianfranco and Francesco Pampaloni chose sharp, post-modern lines that will shine in a variety of different styles of décor and table settings, including Art Deco, contemporary, mid-century.

Since silver has the highest optical reflectivity of any other metal, reflecting 95% of visible light that hits it, the pieces of this silver tea set re-emit the entire visible light spectrum in true-to-life colours.

Teapot capacity: 34 fl oz (1 litre)
Water jug capacity: 27 fl oz (800ml)

This 4-piece Italian sterling silver tea set is not available to purchase online. Please get in touch if you would like more information or are interested to buy it.
