Description

Pair of late-Victorian Corinthian column style silver-plated candlesticks in the neoclassical style. The silver-plated stems are decorated with spiralling garlands of oak leaves and acorns on the stems and neoclassical swags and urns on the square bases.

Neoclassicism was born in Rome in the mid-18th century before spreading throughout Europe. It is the name given to Western movements in the arts and architecture that draw inspiration from the classical art and culture of Ancient Greece or Rome.
