Width: 325 mm (12.8")

Depth: 40 mm (1.57")

Description

Antique sterling silver fish serving knife and 5-prong fork, featuring decorative hand-pierced blades and classic Queen's pattern handles. The pair of silver fish servers are presented in their original fitted presentation case.

The earliest known examples of fish servers date from the 1740s and were single servers. It was a century later before silver fish serving forks were added to form a fish serving set like this one.
