REF: 3541

Diameter: 45 mm (1.77")

Description

Attractive antique 900 silver (90% silver) compact featuring pale rose-pink enamel on the base and lid, and a white enamel border. This Viennese silver compact is nicely made with a flush hinge, which is a sign of superior quality, and opens to reveal a gold-plated interior with its original mirror inside the lid. The compact has a hanging ring for attachment to a necklace and is discretely engraved "1923 Mira" near the hinge.
