Antique & Contemporary Silver

Large handmade silver photograph frame
British Metallising Co

Sold

REF: 7002

Height: 358 mm (14.09")

Depth: 235 mm (9.25")

Description

Fine and large handmade silver photo frame with an elegant domed top and decorated across the front with engine-turned lattice design within which is a band of engraved diamond pattern. The silver gauge used on this frame is particularly good and the back is fitted with the original Bakelite plastic panel and easel.

The portrait style aperture will hold a photograph 275mm x 175mm (11" x 7").
