Description

Mid-century silver soda syphon or wine bottle holder made from a heavy gauge of silver and decorated with classic Art Deco style cast mounts.

Art Deco was a popular design style in the 1920s and '30s characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress. For that reason silver cocktail and barware were popular categories of goods to reflect the style of the time.
