Description

Striking model of a proud stag cast in solid silver and beautifully proportioned and this imposing creature is finely hand chased to give faithful detail.

Our heavy quality models are cast in sterling silver using the traditional centuries-old technique of 'lost wax' casting where each one is then individually hand chased to produce the lifelike effect seen in the finished piece.

For a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver. Contact us for more details.
