REF: 6997

Height: 120 mm (4.72")

Diameter: 50 mm (1.97")

Description

We have taken an iconic and functional design and wrapped it in solid silver to create a luxury version for the contemporary table. A simple lift-off cover and the best grinding movement around.

The salt and pepper mills feature a fully adjustable, ceramic CrushGrind® mechanism which delivers unrivalled levels of precision and can grind salt, pepper or dried herbs and spices.

This model has a white enamel spot on the cover denoting that it is for salt. The sister grinder with its black spot is for pepper.
