Description

Charming set of 12 Art Deco-style sterling silver demitasse coffee spoons inlaid with pastel lilac, pink and yellow vitreous enamel decoration which is in perfect condition. They are shown in their original presentation box.

Originating in Europe, silver demitasse coffee spoons are smaller than regular coffee spoons or teaspoons and accompany demitasse cups (translates as half cup) to serve strong black coffee such as espresso.

Art Deco was a popular design style in the 1920s and '30s characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress.
