Description

Modern silver tumbler cup, finely decorated with by an award-winning engraver and featuring a gilded interior. This beautiful piece is truly a work of art and involved hundreds of hours of preparation and execution. Accurate in every way, each leaf, flower and animal was sized to the correct proportions and brought to life on this amazing piece.

Louise is a winner of multiple Goldsmiths Craft & Design Council awards - a gold in Junior Engraving, Overall Junior, and the Theo Fennell Master & Apprentice Award. Of this wonderful and unique silver tumbler, she says:

"The bubble-like shape of the tumbler immediately brought to mind the ocean and the beautiful creatures within it; specifically the octopus which is such an amazing, intelligent animal. I was also able to make use of the entire piece which gives a cohesive look overall; the design and the vessel becoming one."
