Pair of large silver-mounted glass wine jugs

William Hutton & Sons

Sold

REF: 7879

Height: 225 mm (8.86")

Diameter: 120 mm (4.72")

Description

Fine pair of late Victorian wine jugs with hand-blown and panelled green glass bodies, glass ball stoppers and scrolled handles; in what might be described as a flagon style. The jugs are fitted with sterling silver collars.

Each has a two imperial pint capacity, the typical volume of a traditional flagon.
