Set six cased Charles I style silver goblets

Deakin & Francis

Sold

REF: 6593

Height: 160 mm (6.3")

Diameter: 80 mm (3.15")

Weight: 1776 g

Description

Set of six modern sterling silver goblets recreated from a classic 17th century design in the Charles I era. These silver goblets feature flared rims, knopped baluster stems, and spreading round bases. The bowl interiors are gilded.

Each bears the special hallmark commemorating the bicentenary of the London Assay Office and they are beautifully presented in their original presentation case.
