Antique & Contemporary Silver

Colonial era silver-plated hip flask

S C Coombes Ltd

Sold

REF: 7295

Height: 135 mm (5.31")

Width: 75 mm (2.95")

Description

Made in the early part of the 20th century, this is a good quality, colonial, silver-plated hip flask with a slide-off cup that has a gilded interior. The compressed ball cover has one-twist bayonet mechanism to release and is fitted with a cork seal. In terms of manufacturing quality, this antique Vectis Plate hip flask, made in Burma, is every bit as well made as one made in solid silver.
